

4th GRADE

Dear Parents,

The fourth grade team is committed to try and make these NtI days a true extension of what students have been learning in school. Please understand that this NtI work is a requirement to meet state standards and requirements for schooling.

Teachers will be available daily (M-F) from 9-2 to answer any questions by email. The teacher websites may be accessed on the North Hancock website from the homepage where it says "Teacher Websites".

In addition, please encourage your child to read at home daily and complete the reading log. Even though they are unable to take AR tests at home, if they spend the time reading they will be ready to take tests when we return to school.

Students will be coming home with their required texts as well as their leadership notebooks with any important information. It can't be stressed enough how important it is for them to complete the work and turn it in.

Please also remember this process is new to us. We request patience as we learn our way through these non-traditional school days. During this difficult time we wish you safety, good health, and good fortune and we will pray for your families. We will do our best to address any questions you may have.

Sincerely,

Mrs. Chapman, Mrs. Kendall and Mrs. Kenny
