

HCHS Student iPad User Agreement

School iPad Initiative

Hancock County High School has initiated a 1:1 iPad program for students and teachers in an effort to embrace 21st Century Skills. Students will be using iPads in the classrooms, and, after reading and returning the required agreement, they will be allowed to take their designated iPad home to continue school work. iPad use will be monitored by building level administration as well as district level administration to gauge use and effectiveness of the device in the classroom. **iPads are district owned devices and the contents on the iPad can be viewed at any time.** Students are expected to have their iPad with them and a battery life that will get them through the entire day of school without needing to charge.

Goals for Student Users

- To prepare students for a 21st Century environment.
- To increase productivity and engagement of all learners.
- To make student-centered learning a priority.
- To increase collaboration, creativity, critical thinking and communication in our students.

Guidelines

Student use of the iPad falls under the district Acceptable Use Policy for technology. Internet and iPad use will be monitored through district level management software. Anyone found to be violating acceptable use will be disciplined. All software, applications, and documents stored on the iPad are the property of the school district and subject to review and monitoring.

Students should **NOT**:

- Modify the iPad in any way other than instructed by the administrator or other school personnel.
- Apply marks, stickers, or other decoration to supplied iPad cover UNLESS he/she is willing to pay replacement cost of the cover.
- Exchange iPads with any other student.
- Remove the supplied cover from the iPad.
- Synch the iPad with any computer.
- Clear or disable browsing history on the device.
- Disable the iPad or its applications on the iPad assigned to them OR anyone else's iPad

Failure to comply with these guidelines will be treated as a violation of the district acceptable use policy and will be handled according to the school's discipline code.

Using the iPad

- Clean the screen with approved soft, lint-free cleaning towels. Do not use any spray cleaners or liquids.
- If a stylus is used (optional), it MUST be "capacitive" (the iPad₂ Stylus) – purchased by the student.
- Make sure hands are clean before using iPad.
- Keep iPad away from food and drink.
- Charge the iPad only with the included charger and using a standard wall outlet for your power source.
- Document any software/hardware issues to your teacher as soon as possible.
- Keep the iPad in a well-protected temperature controlled environment when not in use. Do not leave the iPad in a vehicle or location that is not temperature controlled.
- During class time, students are expected to keep Notifications **Disabled** for the purpose of not being a constant distraction for the student or for others.

Applications (Apps)

Student iPads will be given to students with key applications already installed. Students may not install apps from the "Blue" Apple App store, and doing so will result in the iPad being "wiped". iPads will be scanned remotely to monitor apps. Even apps installed at home and deleted before returning to school will result in the iPad being remotely wiped, which causes all documents and files to be deleted. School approved apps are located in the "Self Service" app and may be installed if needed. If there is an app a student would like that is not in the "Self Service" app, the student may talk to a teacher about getting access to the app.

Saving Documents

Saving documents with your iPad is accomplished using "cloud" storage. **This will require you to use your OneDrive account.** Using this account, you can save, export, and import documents in different formats. This allows you to access your documents from other computers via the Internet. You can also share your documents with other students or your teacher.

Reporting Technical Issues

Any errors, problems or misplacement of the iPad should be reported as soon as possible (at least by first AM of the next school day). The following procedure should be exercised when reporting iPad issues:

1. Let your Classroom teacher know of your issue.
2. If your teacher is not able to resolve the issue, then they will direct you to Laura Szefi in the Media Center or Brad Goodall, Asst. Principal, to see if it is something that he/she can resolve.
3. If the issue is beyond Mrs. Szefi's or Mr. Goodall's capabilities, then they will complete a Tech Ticket for the District Tech Personnel. Once your technical issue with the iPad reaches this level, you can expect that it may take up to 48 hours to have the issue resolved.

Any damage determined by accidental cause will be addressed by the school through normal procedures. Damage due to negligence may result in the student assuming the financial responsibility of replacement of the iPad. Students taking the iPad from school property must sign and submit the Parent-Student iPad Use Agreement Form. Student use of the iPad off school grounds may be revoked at anytime by the administration or designated person.

Security

Students should set a security passcode on his/her iPad. This passcode should be known only by the student to ensure the iPad is only used by the designated student. The school district has the right to bypass the security code with justifiable reason.

Home Bound / Students Not at School

Homebound students without wireless internet access at home will still be allowed access to his/her iPad but will be expected to download materials needed **BEFORE** going home. Any student placed on home bound may use their school issued iPad as long as assigned school work is being completed and turned in. Once a homebound student starts missing assignments for any given class (more than one week behind), the parents will be contacted and a home visit will be set up so that a system can be devised to keep the homebound student caught up.

Hancock County High School iPad Discipline Code

Proper care of iPads through the school year and returning at the end of the school year with all accessories are the responsibility of the student. Students not returning their iPad **and/or charger** will be assessed the value of a replacement and will not be issued an iPad the following year until **ALL** balances are paid from the previous year (lunch, Library Fees, previous iPad damage, etc.).

Care and Responsibility

Level A: Care and Responsibility:

Loss or Damage

- If an iPad is damaged outside of school, the damage must be reported to an administrator or teacher by 8:00 a.m. the following morning.
- If an iPad is damaged during school it must be reported to a teacher or administrator immediately.

General Rules

- **HEADPHONES / EAR-BUDS** – the use of headphones or ear-buds during class time will be left up to the discretion of each teacher.
- If there is repeated occurrence of an iPad not being usable for the school day, i.e not being charged, then the administration reserves the right to make the student a day user for a length of time to be determined by administration.
- **iPads in ISLA** – the use of Ear-buds or headphones will NOT be allowed while in ISLA unless specified as needed by the students teacher. iPad access in ISLA **WILL BE LIMITED**.
 - No e-mail access for any student after 3rd day spent in ISLA for the year. Assignments will be communicated via direct message, Edmodo, **or eBackpack**. OR, if needed, students will be allowed to communicate via e-mail on one of the available desktops in the ISLA area
- **Students should not turn on 'Automatic Downloads'. Apps should NOT be updated until they are deemed safe by technology coordinators as it can cause files to be deleted. Therefore, do not update apps until told you may do so.**
- **Do not update the iOS on the iPad until told you may do so by technology staff.**

Please Remember

- Devices **are** monitored by school and district level administrators for any misuse. The iPads will have to go through the District Server no matter where the iPad may be accessing the internet. **This includes wi-fi enabled busses and when the devices are used at home.**
- Administration **and teachers** reserve the right to take an iPad at any time if misuse or inappropriate use/content is suspected.
- Teachers reserve the right to restrict iPad use during class if misuse is suspected.
